

1 SHOT

Engine oil flush

1 Shot Engine Oil Flush is an additive made to clean your engine.

1 Shot Engine Oil Flush cleans your engine from the inside. Just pour 1 shot into the used oil, idle for 10 minutes, then drain the oil out. Fit a new oil filter and then pour in your new engine oil.

We didn't over-complicate it, there are no gimmicks, no extras, just honest additives. We tested it in Vietnam, in hot and wet conditions, to be sure.

PACKAGING UNIT:

TECHNICAL DATA:

Technical Specifications	ASTM	Results ^(*)
Density at 20°C (kg/L)	D4052	0.87
Kinematic Viscosity at 40°C (cSt)	D7042	8
Flash Point PMCC (°C)	D93	80
Copper Strip Corrosion, 3h at 100°C	D130	Class 1
Soluble in used oil	-	Fully miscible
