

1 SHOT

Fuel system cleaner

1 Shot Fuel System Cleaner is an additive we made to clean your fuel system. You just pour the shot into your fuel tank every month if you ride every day or you feel rough idling or poor power performance.

We didn't over complicate it, there are no gimmicks, no extras, just honest additives. We tested it in Vietnam, in hot and wet conditions, to be sure.

HOW TO USE: Simply pour 1 Shot (80ml) into your fuel tank (5L capacity). Do this every 5,000 – 6,000 km for best to cleaning and protection results.
